Our growth has brought about a new opportunity and we're excited to announce that Dr. Steven Van Scoyoc has joined the practice as a partner with Dr. Bonnick. Dr. Van Scoyoc has been in private clinical practice for over 10 years and brings a wealth of expertise in practice management and team development.

This newly forged partnership gives us an opportunity to rename the practice and expand our offerings to better serve you.

- **New name:** Relax Dental of the Triad
- **Growing our team:** In order to serve you better you, we are expanding our team with an additional doctor, assistant, hygienist and patient care coordinator
- **Expanded hours:** To improve convenience for you, additional hours will be added to the practice. Look for future emails on our new convenient hours.
- **New Technology:** Both business and clinical technology have been added to the practice. For your convenience, you will now have the opportunity for electronic communication and appointment confirmations
